

UNIVERSITY EXAMINATION · COMPUTE_ENG_EXAM

SUBJECT: ADVANCED ALGORITHMS | SEMESTER 7

Duration: 3 Hours | Max Marks: 80

Instructions: Attempt all questions.

Q1(a) Explain Convolutional Neural Networks for image classification in detail with suitable diagram. [5 Marks]

Q1(b) Explain Recurrent Neural Networks and Vanishing Gradient in detail with suitable diagram. [5 Marks]

Q1(c) Explain Long Short Term Memory Networks and in detail with suitable diagram. [5 Marks]

Q1(d) Explain Autoencoders Denoising and Variational Architectures in detail with suitable diagram. [5 Marks]

Q1(e) Explain Generative Adversarial Networks Generator Discriminator Loss in detail with suitable diagram. [5 Marks]
